Village Dads In Two Hour Session

Little Business
No Spectators;
A Short Meeting

Routine business only was before the Arlington Heights village board Monday night, although the session lasted until ten o'clock. The business transacted can be summed up in a few words.

Police department reported 40 cases and collection of \$264 in fines. Street department has installed new speed signs on North State road.

Building and grounds committee has installed gas tank for municipal use, filled it with gas, but service awaits arrival of pump.

The "tombstones" in northside park have been blasted out and Attorney Thal, whose residence is opposite the park, owes the village board a turkey dinner.

Samples of sewage from Creamery Package plant will be analyzed after the plant is in full operation. It is suggested that present overabundance of acid in the sewer is due to drainage of adjoining ground through which acid has drained many years.

Bills allowed for payment total \$2,292.57.

Building permits for September were \$16,500. Permits for four new homes were taken out by the Tackett organization since Oct. 1.

September motor fuel tax money placed to the credit of the village is \$852.56.

Unless the other taxing bodies pay to the village their obligations for nursing service, the village will not be able to remit the November 1 payment to the C.T.L. Supervisor Grant has informed the finance committee that there are no township funds for the purpose. Early last spring the various taxing bodies obligated themselves to pay their proportionate share of the nursing service with the village as the clearing house.

Universal Garbage and Sewage Disposal Co., in a letter asked permission to submit a proposition to the village for municipal disposal of garbage.

Refunds are possible from the government for federal tax paid on purchase of gasoline used by the municipality, but the state tax is not deductible when used for police car or motor trucks.

Village Clerk McElhose presented the first of a monthly financial report which will hereafter keep the board informed at all times regarding expenditures and fund balances.

Water patrons who have deposits for a period longer than five years and who have never been on the delinquent list, can secure their deposits on application at the treasurer's office.

Boyson, the pump man has offered the village \$75 for two old pumps, which offer has been accepted. The village is awaiting offer for steam pump which can not be operated with the present low pressure boiler. Best offer takes it.

St. James church was granted permit to hold fall festival November 18, 19 and 20.

The village has been offered a Frink snow plow for \$455. Further investigation will be made.

The board adjourned to view the northern exterior of the original village hall in an effort to agree on whether a stone arch should be removed. After waiting 20 minutes for the members to reach an agreement, the reporter went home.

Now Wrecking Palatine Brick Block

Prospect Heights Leads N. W. Towns In Building

Prospect Heights set the home building pace in the northwest towns for the month of September, according to a survey by the Greenebaum Investment company. Prospect Heights issued permits for five homes, costing \$27,500 during the month.

Suburban building showed an increase over September of a year ago, an increase wholly responsible to home construction. The increase of new homes although below the total for the first nine months, reveals an improvement over last year during the summer months.

Commenting on the September survey, Edgar N. Greenebaum, president of the Greenebaum Investment company, said:

"The demand for new homes and especially the upturn during the summer after months of slipping, is phenomenal. And yet this home demand grows in spite of general inaction by real estate and building industries which fail to tell the public through advertising that now is the time to build a home."

Other towns with good shows in home building were:

Arlington Heights	\$16,500
Barrington	18,550
Des Plaines	7,700
Elmhurst	57,225
Glenview	28,020
Mount Prospect	8,275
Niles Center	24,100

Palatine Brick Block Torn Down

Batterman brick block in Palatine, built in 1884 by H. C. Batterman and at that time one of the skyscrapers and points of interest in northern Illinois, is fast nearing destruction.

With the removal of the Sanitary Market to their new quarters in the Feddele building the last obstacle to the fast wrecking of the building was removed and during the past week, the wreckers have proceeded rapidly, but in a very orderly manner to wreck what was once one of the most important buildings in this entire territory.

And as the old landmark comes down and the dust from the wreck rises in the still fall air, there also arises in the thoughts and the hearts of the old timers a host of charming memories of the old days and of that old building.

With a good sized stage, a large auditorium and two dressing rooms, the Batterman hall was the center of the social life of this region.

In those days the annual dance of the Palatine high school alumni was the social event of the year in Palatine and Batterman's hall was the scene of that social occasion.

The crowd would gather at Batterman's hall, march over to the old village hall for supper and then back to the brick block for the dancing.

Batterman's block was also the scene of many of Palatine's history making episodes.

In that building was started Palatine's first bank. Also in the old Patten bank occurred the first attempted bank robbery which resulted in the death of the robber and serious wounding of the cashier.

Also the Batterman block was the scene of one of Palatine's most historic fires when fire broke out in the big hall on a below zero night and the local fire department won fame and glory by their desperate but successful battle with the flames.

The offices of Palatine's first big promotion, the old P. L. Z. & W. railroad, were in the Batterman block, as were also many of the famous business institutions of the old days.

From the dust of the ruins of that historic old building, there rises a host of memories for the old timers who remember the bygone days when that building was just about the center of activity in this region.

But with modern buildings in demand, the lustre of the famous old brick block began to fade, and what was the greatest building in the region, became an out of date old timer, who must fall before the march of progress.

The showroom of the Arlington Chevrolet has been redecorated for the occasion and the community is invited to drop in some time Saturday. Prizes will be given away in the evening at 10 o'clock. Winners do not have to be present.

Classes For Aliens Now At Farm Bureau

Rev. Taege Holds
School To Help All
To Become Citizens

The Rev. O. C. Taege's class in Arlington Heights for helping aliens become naturalized citizens is now being held at the farm bureau building, Dunton and Miner sts. Farm Advisor Hughes is offering the use of the building to Rev. Taege and his school of 92 pupils, starting next Monday evening at 6:30. Classes will run Monday through Thursday, four nights a week.

Arlington's adult education classes have aided more than a dozen residents of this territory become regular citizens of this country, according to Rev. Taege. Some of them have lived in this country for years and had no opportunity to earn citizenship papers. Mr. Taege gives a general education to them, many of whom cannot read or write.

Mr. Schlottfeld, district director of naturalization, reports that the Arlington Heights adult education classes are one of the best in the district. Since the inauguration of the project over a year ago, not one of Mr. Taege's applicants for citizenship has failed to pass the final examination.

Mr. Hughes has generously made the farm bureau building available to the citizenship class so that they may take pride in being American citizens. The American Legion responded just as freely with the use of the Legion home during the several months while the grade school buildings were being taken down.

The school is open to all residents who are not citizens. Anyone is welcome to attend the classes at any time. Among those who recently procured their citizenship papers are: Mrs. Pete Tossman, Mrs. Mike Martini, Mrs. Julia Palatine, Mrs. Charles Voelker, Jr., and Mr. Emil Naske, all of Arlington Heights, Mrs. John W. Jacks, Des Plaines, and Mrs. Schaefer of Park Ridge.

Old Gray Mare to Make Debut at WLS Show

Scene For Third Annual
Talent Round-up Laid
'Down On The Farm'

Everything is in readiness for the opening performance of the Big Prairie Farmer WLS Home Talent show at the Arlington Heights high school, Thursday, Friday and Saturday nights of this week, at 8 p. m. Present indications are that this year's performance will be the best yet produced here, according to the director. The cast is larger and the talent better than that of previous years, and the "script" and setting are entirely new.

Judging from rehearsals, it looks as if the 1938 version of the WLS Home Talent show will have just about everything—even to the "Old Gray Mare" which Pat Buttram, played by Norman Beese, plans to ride right onto the stage some time during the performance.

Bensenville, Palatine, and Des Plaines Represented

Communities represented are: Arlington Heights, Dundee, Bellwood, Bensenville, Villa Park, Forest Park, Chicago, Palatine, Des Plaines, Franklin Park, Wilmette, Evergreen Park, Elmhurst, Maywood, Highland, Lombard.

The Junior Drum & Bugle Corps of Arlington Heights in charge of Joe Wisersky, will give a 15 minute concert preceding each performance. These youngsters made a tremendous "hit" with audiences last year.

Tickets may be purchased at Sieberg's Drug Store.

Sponsored by Legion

The show is sponsored for the third successive year by the Merle Guild Post of the American Legion and directed by Vivian Griffith of WLS Community Service.

The scene this year will be changed from that of the regular Old Hayloft setting used in previous performances to Uncle Ezra's Farm down in Rosedale where the folks have all gathered in for a good old-fashioned lawn-party, which is certainly a surprise to the "old jumpy" jenny wren. Such old musical favorites as "Wait Till the Cows Come Home," "Down On the Farm," "Scenic Nellie Home" and "The Old Gray Mare" will be used in chorus and novelty numbers.

Rosedale's "Stitch and Gossip Club," called in by Uncle Ezra to act as entertainment committee, will be composed of Legion Auxiliary members including Millie Russell, May Wisersky, Etta Fitzpatrick, Bertha Teutich, Doris Palmer, Vi Rector, and Laura Skoog.

Old Favorites In Character Parts

With Les Griffith as Master of Ceremonies, Miles Burpee as "Uncle Ezra," Norman Beese as "Pat Buttram," Elmer Seegers as "Speed," the Hired Man, Mildred Eickelber as "Lulu Belle" and Elmer Kirschbaum as "Skyland" and George Palmer as "Ole," the production will have an all-star cast.

These home talent impersonators of the WLS characters have all appeared in numerous shows and are considered the best to be found for these parts, not only in this vicinity, but in several states.

The cast is large and includes a variety of numbers. Some which will be remembered as "stars" from previous performances and are sure to please again include: Melvin Preston and his accordion; the "Brigadiers" exhibition dance team from Bollewood; "The Lone Star Girls," Millie Krotz and Vera Kunzel, Bollewood; Dorothy Strehlow, the Swiss yodeler from Villa Park; the yodeling cow girl, Edna Lindquist from Evergreen Park; "The Sod Busters," Vincent Meyer and Ralph Southerton from Highland; "Ray and Will," the guitar strummers from Arlington Heights; and Joe Bauer, the Home Town Boy with the million dollar voice.

Palatine 'Singing Cowboy'

New numbers not heard on previous programs booked for various nights include, "Billy" Wiseman, the little singing cowboy from Palatine, who has been featured on the State Lake Theater in Chicago; the "Melody Mixers" composed of Otto Doerr, Louis Klages, Ralph Stip-

pick with "Les" at the piano from Arlington Heights; "The Ramblin' Rangers" from Forest Park; "The Beaux and Belles" square dancers from Dundee, who have made a guest appearance in the Eighth Street Theatre Barn Dance; "The Koloa Roamers" from Elmhurst; and Maywood an Hawaiian aggregation, "The Cousinettes Trio" from Bensenville, and many others.

Lack of space prohibits listing all the numbers or giving credit to all because this is an all-star show. Specialty acts from Chicago will include "The Doll Brothers" harmonica wizards, well known to radio audiences and Ralph ("Rusty") Gill, who is heard on the regular Saturday night Barn Dance.

Others from Arlington Heights who will participate, include, Herman Hintz and Bill Foley, Margaret Greenberg, Roger Fricke, Ralph Stoekel, Arlene Nagel, Helen Palmer, Bill and Allan Griffith and Evelyn Cavanaugh.

Democratic Free Dance Is Saturday

Wheeling Township Democratic organization is sponsoring a free dance for the general public this Saturday night, at Meyer's pavilion, south State rd., Arlington Heights. Two wool blankets and other prizes will be given away, donated by the Democratic candidates for county commissioners.

Walter Hermes orchestra will furnish the music. Many celebrities will be on hand to add to the merriment of the evening. Everyone is welcome to attend and take part in the dancing, refreshments, and fun during a whole evening of entertainment.

A gala affair is promised that will be remembered and talked about long after the drums stop beating.

Another item of special appeal is an original missionary play written for the Endeavor Rally. During the business sessions, permanent officers will be elected.

BANK AMENDMENT IS IMPORTANT TO PUBLIC

BY WILLIAM BUSSE, JR.
Pres. Mount Prospect State Bank

The question has been asked. What is the Constitutional Amendment to be voted on at the next general election? In order for the voters to know what it is all about, I shall offer a complete explanation of the various provisions.

The General Assembly, with only two dissenting votes by joint resolution, submitted to the voters of Illinois for ratification at the general election November 8, 1938, amendments to the sections relating to banks of the Constitution of 1870.

It must be understood that the Amendment as proposed affects Sections Five, Six, Seven and Eight of Article XI of the Constitution. It not only amends that section which contains the provision for the double liability, but certain other sections, and it is my purpose to go into a detailed explanation of the entire proposal so that all voters may fully understand the various changes to the same.

Taking up the proposed Amendment, we find that Section Five reads as follows: "No State bank shall hereafter be created, nor shall the State own or be liable for any stock in any corporation or joint stock company or association for banking purposes, now created, or to be hereafter created." This provision contemplates no change from the present Constitution. In its exact form it is a part of Section Five as now provided. There is, however, in the present Section additional matter which has been changed and appears in Section Six of the proposed Amendment. This portion of the Amendment I will refer to later.

Section Seven of the proposed Amendment reads as follows: "No act of the General Assembly shall hereafter be enacted authorizing or permitting any banking corporation or association to issue money or bills to circulate as money." This replaces the present Sections Seven and Eight regulating the issuance of paper currency by banks. Since Illinois banks no longer issue money or bills to circulate as money and the present provisions of our Constitution relating thereto are obsolete, it was considered advisable to repeal the same by providing in the Amendment that banks shall not be authorized or permitted to issue money or bills to circulate as money.

Federal Law imposes a tax of 10 per cent on currency issued by any other agency than the federal government or its instrumentalities and this effectively repeals the authority now contained in our state constitution. There is also a prohibition in our present State Banking Act.

In the present Section Seven there is also a provision that, "Every banking association now or which may hereafter be organized under the laws of this State shall make and publish a full and accurate quarterly statement of its affairs (which shall be certified to, under oath, by one or more of its officers), as may be provided by law." This provision has been omitted from the proposed Amendment.

REV. F. L. GEHRS
Pastor of St. John's Evangelical Lutheran Church, Elk Grove, which will observe 90th anniversary, Sunday.

Better Film Council President Of Chicago Addresses Woman's Club

The members of the Arlington Heights Woman's club were most fortunate Wednesday afternoon in hearing Mrs. Richard M. McClure, president of the better films council of Chicago, who spoke on "The New Film Book."

She said that President Elliot of Harvard University has said that motion pictures have contributed more to civilization than all cultural magazines. When one realizes that 200,000,000 people in the world attend the movies, 100,000,000 in the United States alone, one recognizes the place they have taken.

Movies do three things, they inform, they influence, and they entertain. The trend is for better films. The newsworld is replacing the encyclopedia of tomorrow. A survey shows that over 8,000 schools now have movies of their own, thus recognizing that visual education is an excellent textbook. Libraries report a great demand for classics, after a movie is produced, based on such a book.

However, an overwhelming percent of movies are written for adults. She criticized those parents severely who send their children to the movies to get rid of them.

She said that over 20,000,000 young people under 21 years of age attend the movies regularly and the responsibility for what they see rests directly on the parents, for the public hold in their hands the power to influence the silver screen for good or bad as they see fit, as Hollywood wants to produce what the public asks for.

A social time was enjoyed at the close of the talk and refreshments were served.

The Missionary society of the Methodist church enjoyed a B.B.B. dinner at the home of Mrs. Ray Hayes, Monday evening.

Parent-Teachers Hear Radio Talk

Nearly one hundred and fifty members and friends of the Parent-Teacher association, met in the north school Tuesday evening. The speaker for the evening was Mr. Harold Kent, educational director of the Radio Council of the board of education in the Chicago public schools. He talked on "Utilizing the Radio to Promote the General Welfare." He told of the difficulty of finding favorable time on the air for educational programs, because of the commercial programs which are so well patronized by listeners. He presented the program which has been worked out in Chicago for the children, and explained briefly how it works.

Music was enjoyed by a clarinet sextette under the direction of Mr. Costain, those playing were James Scherf, Eugene Stroker, Charles Page, Joe Otto, Ray Atkinson and Mr. Costain.

The room mothers and teachers enjoyed a "Dutch Treat" luncheon in the domestic science room at the north school Monday.

Mrs. Jack May Is Hostess To Auxiliary

Mrs. Jack May was hostess to the Legion Auxiliary at its social meeting Tuesday evening.

Regardless of the rain, twelve members gathered around the dining room table and turned the collars on ten shirts that had been donated for the boys in the Elgin hospital. A suit case full of ties was also donated.

The November business meeting was changed from November 1 to Thursday, November 3. The hostess served delicious refreshments.

P.T.A. Membership Drive Nets 205 Members

Mrs. Schimmel announced Tuesday night at the P.T.A. meeting that over 205 parents have joined the parent-teacher association for this year. This shows a gain over last year, and proves that the parents of Arlington Heights are interested in a working for their children's welfare.

Mrs. Walk's fifth grade in the south school won the two dollar cash award for a fifty percent parent membership, and Mr. Anderson's 7th grade in the north school, with a forty percent parent membership, won the same award.

There is to be given a small cash award each month to the room in each school having the largest percentage of parents at the meetings. This month, these awards were won by Miss Mildred Russell's room in the south school and by Miss Williams' room in the north school. If you are not a member of the P.T.A., you are the loser.

'The Book Nook'

If you enjoy reading good books, get in the habit of patronizing the local library. Mrs. Baxter is on hand to suggest good books for every member of the family. Have you read the two best sellers, "The Yearling" by Rawling and "My Son My Son" by Howard Spring? Another book which is receiving much attention and promises to become a best seller is Ann Parrish's new book "Mr. Despondency's Daughter."

Miss Esther Knox Weds Wendall Newall

Over two hundred fifty friends and relatives gathered at the Methodist church Sunday afternoon at two o'clock to witness the marriage of Miss Esther Knox of Arlington Heights, daughter of Mr. Robert Knox of Chicago, to Mr. Wendall Newall of Chicago, son of Mr. and Mrs. Clayton Smith of Mason City, Iowa.

The ceremony was performed by Rev. Robert Irwin, uncle of the bride before an altar banked with palms, ferns, and fall flowers. Rev. Shellhase assisted with the marriage rites. Rev. Irwin will be remembered by many, as he preached here, as a guest speaker, in 1932, after returning from 40 years of missionary work in Siam.

The bride gown in conventional white satin and lace, with a long bridal veil, carrying white roses and sweet peas entered on the arm of her father to the strains of Lohengrin's wedding march, played by Mrs. Ralph Manley, Mrs. F. Tesch sang "Because" and "Oh Promise Me" before the ceremony.

Miss Charlotte Whitlock, a classmate of Miss Knox at Park College, acted as bridesmaid, and was gown in royal blue satin with blue accessories and carried talisman roses. Mr. Gordon Olson of Chicago, a classmate of Mr. Newall at Park College, served his friend as best man. Wesley Knox and Ernest James served as ushers.

Following the ceremony an informal reception was held at the home of the bride for seventy-five friends and relatives.

The bride is a graduate of the local high school with the class of '32. She graduated from Park College, Parkville, Mo., with the class of '36. Mr. Newall was also a graduate of Park College in '36 and is now a student at the McCormick Seminary where he is preparing for

Flower Film Shown At Garden Club

Flower growers who attended the meeting of the Arlington Heights Garden club, October 12, were well repaid for braving the inclement weather. Mr. Frank Isel of Lombard, gave an interesting talk in which he demonstrated the proper methods of dividing perennials for fall planting. The division of peony roots was explained in detail and many suggestions were advanced to those not familiar with the proper method of cultivating and planting these flowers that have such massive and intricate roots.

Mr. Isel showed many colored pictures of specimens of peonies, poppies and peonies and explained the culture and care needed to produce beautiful blooms. He cultivated 150 varieties of peonies which he considers the best types of the 400 known varieties in existence.

The garden club is fortunate to have secured a man so well versed in his line.

Peter Weidners Celebrate 50 Years Of Marriage

Even Dame Nature smiled on Mr. and Mrs. Peter Weidner, of Arlington Heights Saturday, Oct. 15, when they celebrated fifty years of wedded life together. It was an ideal autumn day, a duplicate of Oct. 15, 1888, when in St. Mary's church, Buffalo Grove, Miss Frances Zimmer and Peter Weidner were married.

Last Saturday this honored couple attended early service and renewed their vows. Rev. Fr. Stier, conducting the solemn mass.

Mr. and Mrs. Weidner had a week of congratulations from friends far and near. Saturday evening marked the climax when one hundred forty guests met in St. James hall for a real celebration.

Supper was served from 6 to 8 o'clock. A real feast served in an ideal setting.

Members of the Weidner-Zimmer families have scattered far and wide since 50 years ago. They received many beautiful and useful gifts, hand wrought, fabrics, precious metals and beautiful flowers.

Mr. and Mrs. Peter Weidner's 50 years together are proof that "it can be done."

Life In Palestine To Be Talk At Guild Meeting

The Guild's October meeting will be held one week in advance, Monday evening, October 26, at 8 o'clock, St. James school hall, to enable them to take advantage of Mrs. Nicholas Latoff's generous offer to relate to them, her experience and mode of living during the years she spent in Palestine.

This informal illustrated talk has been very much enjoyed by other Arlington Heights organizations. So it goes without saying that the entire Guild membership is looking forward to Mrs. Latoff's presence on that evening.

Don't come alone, give another the pleasure of also enjoying this interesting talk.

The Guild will also enjoy some Halloween fun and refreshments suitable for the occasion.

Theta Iota Gamma Gives Card Party Before Going National

Theta Iota Gamma is making its bow to the public November 14, 1938, on a Monday night. It is their last chance before becoming a chapter of Lambda Sigma Alpha, a national sorority.

There will be a card party at the Presbyterian Church Hall in Arlington Heights on the above date. Pinocle, bridge and bunco prevalent. Plans are being made for door prizes, table prizes and refreshments.

Theta began its career in 1936. Six high school girls decided they wanted a sorority and with a lot of push and shove, they've kept on through two years. New members have been added and they have lost some original members. They gave teas, parties and held weekly meetings. Not until now have they ventured outside their own circle.

All the girls are from either Mt. Prospect, or Arlington Heights. When they become part of a National sorority in December, they expect to do big and better things.

Don't Forget! November 14, 1938, at the Presbyterian church hall at eight o'clock. Tickets are available from any Theta Iota Gamma member.

SAVAGE RAVAGE
By C. W. Lussman of Sieburg Pharmacy

What is ordinarily termed "just a bad cold" produces the most devastating effects. Few savages of the jungle could devise more untamed torture than the freezing and the burning, streaming eyes and nose, the desolating, depressing effect on the spirits. Anyone with a bad cold is in misery until the siege is over.

There is a way to immunize yourself against colds. Once you fall a victim the family doctor can do little beyond a little relief and protection against what bad colds may lead to, but if you consult him in advance, he can advise you how to build up immunity by living habits, and by the use of serum.

All prescriptions for medication should be taken to a conscientious and trained druggist, there to have each ingredient blended with the others to form a perfect mixture.

Mrs. Wm. Kirchhoff, Of Mt. Prospect Honored On 80th Birthday

Last Sunday afternoon and evening, October 16, the children, grandchildren and great grandchildren of Mr. and Mrs. Wm. Kirchhoff, Sr., of Mount Prospect, gathered in the Kirchhoff home to surprise Mrs. Kirchhoff, a day before her 80th birthday. She was born in Elk Grove, October 17, 1858, and is still well preserved and mentally alert.

The many beautiful presents brought to her, showed the love and esteem which is held for her in the hearts of her descendants. A number of people who are not directly related to her joined in the gathering and all had a good time. Games were played and there was no lack of good things to eat and drink. The children of Mrs. Kirchhoff provided them in full measure as they are wont to do on such occasions of surprise.

Many and varied were the topics discussed, but the subjects were not all of a serious nature. The spiritual aspect of life and old age were not lost sight of and at an appropriate time an address was made by a son-in-law based on Job 10, 12: "Thou hast granted me life and favor, and Thy visitation hath preserved my spirit."

A fitting old German hymn was read at the close which it is impossible to reproduce adequately in English, but we subjoin it in Latin letters for the benefit of those who can read German.

Verwirf mich nicht im Alter, verlass mich nicht mein Gott!
Du warst ja mein Erhalter, mein Trost in mancher Not!
Wie oft hab ich erfahren, Herr, deine Gnad' und Treu!
Es war seit langen Jahren stets dein Trost und mein Heil.
Hab Dank fuer deine Gnad'! Vergiss der grossen Schuld Und leit auf rechtem Pfad zum Ende mich voll Huld.
Dass sie nicht viel wehr taugen, sei Jesus noch mein Licht.
Will mein Gedeih verfallen, so lass dies Wort allein.
Mir in dem Herzen schallen: "Ich will dir gnaedig sein."
Wenn mich die Glieder schmerzen, so bleibe due mein Teil Und mach mich an dem Herzen durch Christi Wunden heil Und Kann ich nicht mehr reden in Schwachheit und In Not, so wollest du mich vertreten, due heiliger Geist, vor Gott!
Kommt endlich denn mein Sterben und ist Zu End' mein Lauf: Lass mich das Leben erben, tu mir den Himmel auf.

The Friendly Circle of St. John's Evangelical church, sponsored a plunkett luncheon last

Galena was on their route so they spent a while at the General Grant memorial, filled with historical antiques and interesting souvenirs of early Illinois. They came home happy in all they had seen of landscapes and a clearer

Elmhurst College Of Evangelical Church Has Homecoming

Elmhurst College, one of the several colleges of the Evangelical and Reformed church, and located at Elmhurst, will celebrate its homecoming this Friday, Saturday and Sunday, according to information sent out by Mrs. Mildred Clark Humphrey, acting president of the Elmhurst College alumni association.

An interesting array of events have been arranged for this year's homecoming, including among the principal events the Alumni banquet on Friday, October 21, at 6:00 p. m., and a football tussle with Carthage College which is scheduled to begin on Saturday, October 22, at 2:00 p. m.

Elmhurst College has good reason to celebrate this year. Ever since it became coeducational in 1930, this college has experienced a steady increase in the enrollment of its student body. An all time high was reached this year with 365 students enrolled, among them being 184 new students, and thus necessitating the addition of six new full-time professors and instructors.

Dr. Timothy Lehmann is president of the college, celebrating his tenth anniversary in that capacity this year.

VOTE "YES"

To Repeal The Stockholders Double Liability Clause at the Election November 8

DO YOU KNOW:

- THAT Illinois is one of the few states which still has double liability as to bank stock.
- THAT The Congress recognizing that added capital is better protection for depositors than the mere right to sue stockholders for assessments repealed the double liability provision as to National banks.
- THAT Since then 29 states have repealed similar provisions as to state banks.
- THAT Ten other states have had no provisions for double liability for many years, and steps are being taken in nine other states to remove this hindrance.

It Happened Here

WHEN BRIGHT LEAVES

When bright leaves filter thru the air
And the gay pageant sweeps along
To one clear mellow horn,
Then sumach's coat is stained with wine
And flaming banners deck the thorn.
Drink, then, the cordial of this air,
A drink more potent far than the
old gods have known;
Drink deep, drink deep and rich
libations pour
Upon this sun-warmed stone.
That golden bough against the sky
Is fabled and the woodland in a trance
Waits while each clicking leaf takes flight
To join the merry dance.
The dance is on! Pierrette, Pierrot
spin in mid-air
Or swoon in golden bliss
And drifting earthward, touch with
lightest kiss.
The painted revellers flit by,
Lighter than thought and frail as
any vow
Forgotten when the wind
Has stripped the winter bough.
This happy leaf with gilded prov
On the gently moving stream,
A barge that slips past lily pads,
By banks where storied towers
dream.
In this glade rest,
Scanning the plowing scriptures of
the trees,
That drift like words of golden
poesy
Across the mind of one who basks
in sun-drenched ease.
S'Amuser.

LETTERS to the Editor

October 14, 1938
H. C. Paddock Sons,
Dear Sirs:
Greetings from Phoenix, Arizona.
Please find enclosed a money order for renewal for the Palatine Enterprise for another year. We enjoy the paper very much and find many items of interest each week.
We had a very late spring this

year, that made the summer seem shorter than usual. It was pretty hot at times, but almost every home has a cooler and practically all the places of business, so one gets by very well. We may be in for some more warm weather before winter sets in, but it certainly was cool here last week. The thermometer dropped down to 49 degrees at night, breaking a forty-five year record for this time of the year. Coats were hunted up. It had been about four months since they were hung away. Stoves were brought forward in the front of the stores. Folks were busy cleaning up their stoves and getting them going these cool mornings. And what was more cheery than a chunk blazing in the fire place.

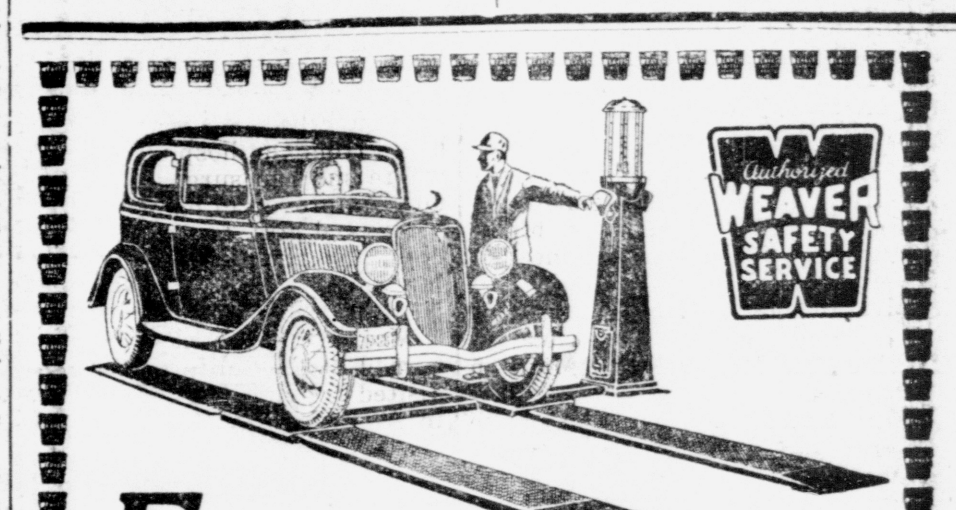

The farmers are busy putting in their fall crops. The dairyman is dicing in barley and alfalfa for winter feed. The maize is ripening. It won't be long and they will be combining.

The lettuce men are having their lettuce thinned. Most of the fields are thinned. They hire a group of men who understand the work. We counted sixty men on a forty acre field. Generally Mexicans do that work. The lettuce looks good. Christmas time you will be buying it for your holiday salads. There

are about 15,000 acres planted to fall lettuce. Around November 1 they will be planting for the spring crop.

We have had very little rain the past year, and not any at all for some time. It is pretty dusty around the yards where the irrigation water does not reach.
The citrus men are beginning to

pick grape fruit and oranges.
I noticed a few foreign license plates in town the other day. They will soon be coming to enjoy our fine winter climate.
I will say Adios,
Best regards from
Ed. Barbaras,
Phoenix, Arizona,

Mac Says...

The conference football schedule is going into the home stretch with some of the schools having only one conference contest remaining after this next week-end. Two of these are Warren and Arlington, Warren has Libertyville Friday and Lake Forest next Friday. Arlington has Niles on Friday and Leyden next week.

GOOD GAMES ON TAP

Arlington at Niles shapes up as a real tussle and it's anyone's game in our opinion. The result will not be over one touchdown either way and we are inclined to pick Arlington.

ton by a count of 13-12. Another real battle will be at Libertyville. It will be Warren's size against Libertyville's speed. We look for quite a lot of scoring in this game and pick Warren 19-13. The third game of the week is Barrington at Lake Forest. The Bronchos may surprise with a victory, but we will be conservative and pick Lake Forest 13-6.

BARRINGTON COMING UP

We saw the Arlington-Barrington game Saturday and it was a dandy from a spectator's point of view. Barrington has not won any games yet, but they gave plenty of evidence Saturday that they are about due to upset someone. Team morale is high and with a pair of leaders like Shepard and Kampert the Bronchos are a real fighting outfit. But for a break on the opening

kickoff when Barrington fumbled and set the stage for a first-minute touchdown, the game was rather evenly contested.

O'HAGAN LOOKS GOOD

We have not seen any better backfield work in many a day than that turned in by O'Hagan at quarterback for the Cardinals. Another very good looking Cardinal back is Bublitz.

TEAM GETS GERMAN HAIRCUTS

The Barrington team lived up to their agreement, we observed, by getting German hair cuts following their defeat by Warren in the opening game. If they had won it was to have been Coach Clark who would have had the short haircut. Barrington barbers profited by the Broncho defeat.

TOUGH ON THE COACH

There was about a minute and a half remaining in the first half of the Barrington-Niles Center game of two weeks ago. Barrington had the ball on their own 20 yard line. There was no score in the game and it was fourth down. Barrington elected to pass instead of kick and an alert Niles team tackled the passer back on the four yard line. In no time at all Niles had smashed over for a touchdown which proved to be the deciding margin as they finally won 12-6. No wonder coaches get gray hairs.

A MOVIE FINISH

Down at LaGrange an independent game between Berwyn and the All-Suburbs recently finished in real movie style. With 30 seconds to play Berwyn had the ball on the LaGrange 15 yard line with fourth down. They elected to punt, no one knows why, and the kick was blocked and recovered by Lundeen, who dashed 85 yards for a LaGrange touchdown. The gun sounded when he crossed midfield, but the game does not end until the play is completed.

HERE'S ANOTHER BREAK PLAY

We have just mentioned two cases of breaks which decided games and here is another. Sunday we had the good fortune to witness a real wide open football game at Wrigley field in which nine touchdowns were scored and 20 out of 49 passes completed as the Bears beat the Cardinals 34-28. And here is the break which proved the winning margin. The gun had sounded for the half with the Bears leading 14-7, but the Cardinals insisted that they had called time out just before the gun. The Bears were called back on the field, the Cards penalized for too many times out and given one more play from the Bears 35 yard line. It was that play, insisted upon by the Cards, which lost them the game for the pass from center was fumbled and recovered by Bassi, a 220 pound Bear guard who ambled 65 yards to a touchdown.

BASKETBALL GETTING STARTED

The schools not playing football are getting started on basketball this week and next. The schools having football also start basketball about this time for all boys who are not out for the gridiron sport and in the big schools of the conference there are usually a few of the best men who profit by early training. Leyden has already started practice. There is an advantage in early work of this type as there is more time to correct individual faults than when a team must be drilled and primed for games. Probably the first basketball encounter in the conference will be a practice game at Antioch next week Friday between the Indians and Palatine.

WILDCATS 27, LEYDEN 6

Libertyville celebrated homecoming Saturday with the biggest parade in eleven years, three bands, a dance, and other colorful activities, chief of which was the administering of a 27-6 trouncing in football to the old rival, Leyden.

The Wildcat's offense was one of long runs in which a slightly built track star named Enevold came in for the major share of acclaim. The blonde Wildcat left half scored three of his team's four touchdowns on runs of 80 yards in the first period, 45 in the second quarter, and 45 in the third. Paul Brown put over a first period score on a 40 yard dash. Enevold's longest run came on the first play of the game for Libertyville.

Leyden scored in the third period when pass interference and a penalty set the stage for the score.

PLAN CROSS COUNTRY MEET

Barrington is planning a cross country run between halves of their homecoming game with Libertyville scheduled for next week Saturday, October 29. Schools intending to enter are Barrington, Palatine, Leyden and Libertyville. The course will be two miles and finish on the cinder track. Arlington Wins 27-12 At Homecoming

Bronchos Excel Cardinals But Neglect To Score

This year's homecoming at Arlington was quite a success. The parade started off last Saturday's festivities in fine fettle. Arlington's "Cardinals" downed the Barrington "Bronchos" 27-12, and a large crowd turned out for the dance. The dance was a most enjoyable one, with many number of old grads back—all in all, a fine day for Arlington boosters.

The football game was one of the most remarkable of the long Barrington-Arlington series. The score was somewhat one sided in favor of Arlington. In most of the other departments of the game, Barrington excelled. Barrington led in first downs 14 to 6; and in yardage earned 289 to 204. Yet in the pay-off department, which is what matters after all, Arlington was much superior.

The game was hardly a minute old when the Cards scored their first touchdown. Barrington fumbled the opening kickoff on their own 20. Arlington pounced on it and struck fast. In two plays, Bublitz went over after a brilliant dash of 18 yards for the goal. This was as nifty a bit of running as was seen all afternoon.

Arlington almost scored again a few minutes later. Mayereck intercepted a Barrington pass and the ball was gradually worked down to the 16 yard line. On fourth down Mayereck dropped a pass in the end zone which would have chalked up number two.

Barrington went right to work. They almost blocked a Cardinal kick and got possession on their own 42. They marched right down to the 17 yard line mainly by two passes. Here Arlington stopped them, took possession of the ball as the second quarter opened and marched the 78 yards for their second touchdown. O'Hagan went almost all the way. A scintillating dash of 41 yards, another of 9, two short gains by teammates, then O'Hagan cut loose again from the 18 yard line to score standing up. Again Barrington braced. A long pass, Shepard to Church, a few short gains, then a pretty pass, Church to Shepard, found them all alone in Arlington's end zone to score.

Arlington immediately drove 75 yards for their third touchdown. Koenig gained 5, Mayereck cut loose for 25, Koenig picked up 9 more, O'Hagan took the ball to the two yard line, from which Mayereck crashed over.

Early in the third quarter Mayereck nabbed onto a Barrington aerial attempt and sprinted 60 yards for Arlington's last score. Shortly after this Barrington drove down to the Arlington two yard line where the Cards held them for downs. Bublitz got off a poor kick out. Barrington got possession on the 29 yard line. Shepard reeled twelve yards, then a pass Church to Shepard, finished the scoring at 27-12.

Arlington clearly eased up after assuming a 12-0 lead. From this point on Barrington battled them to a standstill. It was mainly by Church's good right arm that they kept right on the Card's heels for the rest of the game. They exhibited one of the best jobs of passing seen on the Arlington field in many a day. Shepard seconded him with some nice running.

O'Hagan was again the big gain-er for Arlington. Beginning up where he left off last week, he again picked up big yardage. In 9 tries with the ball he chalked up 94 yards. Mayereck got most of his yardage ball-hawking the Barrington passes. Koenig showed to his best of the season on the few times he carried the ball. In the line Henken, Heller, Koehnke and Hoss were at the top of their game.

Rose-Lo Cop Softball Championship From Gaures At Arlington

by FRED BREHM

By their 5 to 4 triumph over Gaures, Rose-Lo clinched the softball championship Sunday afternoon.

Gaures went into the series with a reputation as a good fielding team, but when the dust had blown away, it was Rose-Lo who had the upper hand in the fielding department.

ment. In the first game Gaures made two errors in the last inning and Rose-Lo scored three runs to win 4 to 3. Then Sunday with a 3 run lead, Gaures again blew up and made 4 costly mistakes, 3 of which figured in the scoring.

Gaures scored two runs in the first inning when Huber singled and Laeske hit a home run. Gaures added another run in the second on a double by Tossman and a single by Hayes.

Rose-Lo scored a run in the last half of the second and then in the third really went to work and scored three runs on singles by Taage, Luerssen, Balek, and Lauterburg.

This took care of the scoring until the ninth when Gaures knotted the count on an error by Red K., a walk and a pinch single by Albie (Dykes) Brodman.

Rose-Lo scored the winning marker in the last half of the tenth as follows: Ray Kehe walked. Wolf dropped McKaig's fly for an error. Gaures popped out. Gaures's board of strategy conferred and decided to walk Luerssen to get at Bolek. With a two and two count Bolek lined a drive to left center, driving in the winning run.

Carl Huber was the star of the series, getting on base six times in nine trips to the plate and fielding sensationally in roving field. Red Koelling was the tough luck boy of the series with any luck at all he should have had 3 home runs, but as things turned out, two of his drives were caught by Tossman and the other was knocked down and held to a double. Albie Brodman ought to be congratulated for coming through in the clutch and batting in the tying run in the ninth inning of that last game.

The Softball League wishes to thank everyone who in any way helped to make the season a success. They wish to thank the sponsors and those who came out to see the teams play.

Unfulfilled Ideals

Every man has at times in his mind the ideal of what he should be, but is not. This ideal may be high and complete, or it may be quite low and insufficient; yet in all men that really seek to improve, it is better than the actual character. . . . Man never fails so low that he can see nothing higher than himself.—Theodore Parker.

New Birth, Death, and Marriage Records Now Have Cross Index

Persons who have had difficulty obtaining birth, death, and marriage verifications because they did not know the dates of the events, will follow with interest W.P.A. projects engaged in making cross index ledgers by name to original vital statistics records.

According to Ferris F. Laune, State Co-ordinator for Statistical Projects, cross index files are being completed for Cook county.

In Chicago, the Board of Health and W.P.A. staffs are transferring all birth and death records to alphabetical ledgers. There is no duplication of work as the project workers are indexing the births and deaths from 1871 through 1933, and the Board of Health is working on those from 1933 to the present. Half of the work is done. The alphabetical ledger system will prevent loss of records through misfiling, and will occupy much less space than the original file. Completed ledger volumes will become permanent records of the city.

Bank Amendment...

(Continued from Page 1)

eral Assembly, and such act has been submitted to a referendum at the next general election and has been approved by a majority of all the votes cast at such election for or against such law — in other words, a majority of the votes cast on the proposition itself, and not of all the votes cast at the election, as is required in the case of an amendment to the Constitution. Please note the distinction.

Because of the referendum required, it is difficult to make any change in our State Banking Law in practically less than two years. In case of an emergency, this presents a serious situation. Following the banking moratorium of 1933, the National Congress and the Legislatures of many states passed emergency legislation which permitted assets in excess of liabilities, but which assets were slow of collection, to continue under a conservatorship and work out their problems while still doing business. This kept many good banks open. In Illinois no such legislation could be passed without a referendum and so the earliest possible date for accomplishing the change was, at that time, November, 1934, when, as a matter of fact, the emergency had passed. Therefore, many banks in Illinois were closed and liquidated which could have been saved to the benefit of the stockholders, depositors and the communities affected. Now, if the proposed Amendment is adopted, our General Assembly will in the future, be able, by a two-thirds vote of the elected members in each House, to meet such emergencies by legislation, either at a regular or a special session, which can become effective immediately following such session. Judging by the experience related, it was believed that it would be much more expedient and intelligent to provide a means whereby desirable legislation could be brought about.

Bowling NEWS

By HAMMERL

The Arlington Elevators blossomed forth in their new bowling shirts Monday night, and are they ever swell. The new shirts must have popped up the team to a new high because they knocked off Blatz, who are leading the league for two games. Blatz won the first game and then Fred Kehe knocked over a 231 game to win the second game and the dollar. And the judge won the last game for the Elevators with 232.

On 3 and 4 the El Rand boys took all three games from Cafe who seem to be having their trouble getting started. Al Pederson, the senior left hander in the league, was on both teams with 585, and the dollar went to "Chibbie" Szasz with 222.

On 5 and 6 the Hammis Beers took a new lease on life by taking the Hartmann shoes into camp for 3

and made effective within a reasonable time after its passage, without having to wait for the judgment of the people, at a referendum, to be taken following an interval of at least 18 months from the effective date possible under this proposed Amendment.

Space does not permit me to enumerate all the many good reasons published in the various newspapers throughout the state why the proposed amendment should be adopted.

I therefore ask that when you go to the polls on election day to be sure and vote Yes.

It looks like Five Years from Now!

THE vast Buick factory is a grand place to visit, these days.

Down the roaring aisles, throughout the sprawling bays there's a sense of great things happening.

They're building something ultra, here at Buick, and they know it.

It looks like five years from now, they'll say of this dazzling 1939 Buick, and they're not talking of appearance only.

They're talking of "catwalk-cooling" that floods air under forced draft to ease the temperature of your engine.

They're talking of BuCoil springing and the soft shock-mothering spirals that give you the true "full float" ride.

They're talking of that Dynaflex great eight engine, instant with life and wringing good from every drop of fuel.

They're talking of weight-balance and gravity-center that hold you to your line—of wheels that camber to let you take the curves more safely—of new visibility—up to 413 square inches more glass in SPECIAL and CENTURY models.

They're talking of a thousand and one details of Buick that you'll never know nor need to know but that to their schooled eyes spell a better built automobile.

And they're thinking of now as they talk.

For they know that no car sells spectacularly when it's merely up-to-date. They know that for big years a car has to be ahead—that a car which looks like the future means better times for today.

You can see this car they're talking of at the nearest Buick showroom.

When you do see it, think of what the men who built it are saying, not boastfully, but with quiet sureness.

They know. And they're saying "Looks fine for '39!"
